Dear Lake Erie Classis

On the behalf of Cleveland Zion Community Church, I, Elder Young Kyu Song, am glad for CZCC to join to CRC.

Our counsels had discussed entering a good denomination, and we chose CRC.

And we had vote for joining CRC, 100% of council members agreed to join CRC.

We had officially announced the news to our congregation and all of them accepted it with great joy.

Therefore, I, Elder Song, gladly reaffirm that CZCC desires to affiliate with the CRC.

Thank you so much

If you have any questions, please contact me.

God bless you

Subject: Article 14 Release and Transfer to RCA

Dear Sisters and Brothers,

I am writing this letter to request an Article 14 release in order to transfer my ministerial credentials to the Reformed Church in America. As some of you may know, the Christian Reformed Church has been my spiritual home for many years. In particular, Calvin Theological Seminary, Ann Arbor CRC, and Classis Lake Erie have each in their own special way been profoundly significant sources of spiritual grounding and nurture for my call to ministry. I will always carry with me deep gratitude for the ways I have been shaped by the CRC.

At the same time, after being on staff at City Church and Newbigin House in San Francisco since August 2014, I have come to feel the need for greater alignment between my call and ministry. Without a CRC classis to call home during these years in California, I have found City Classis of the RCA to be a natural place for accountability and community. As I sense a long-term call here, the Lord willing and permitting, and out of a desire for greater connection to my local ministry context, I am requesting your assistance in this next step.

Sincerely,

Peter Choi
